## GENERAL

Cabinet constructed with stainless steel, all double-wall construction. Insulated with high-density fiberglass insulation. All exterior surfaces shall be ground and polished to a #3 finish.

## INNER CABINET

Inner cabinet shall be all 24 gauge 300 series stainless steel. Inner cabinet shall have permanently mounted rails. Shall have universal angles constructed of heavy gauge wire, and vertical and horizontal, 11 gauge flat stock. Each pair shall accommodate 250 lbs. Universal angles are chrome-plated with heavy nickel and a clear coat and adjustable on 1 1/2" centers. Holding posts removable for cleaning. Universal angles will accommodate 2 (12" X 20") pans per set, or 1 (18" X 26") tray, or 2 (14" X 18") trays. Inner cabinet fully insulated with high-density fiberglass; 2" on sides, back, top and bottom. Cabinet shall have Armor Heat® System.

## DOOR

Door shall be all 20 gauge stainless steel. Door shall have full interior frame constructed of 3/4" X 3/4" 14 gauge Galvanized angle steel. Door shall be fully insulated and gasketed. Door shall have an exterior louver with an interior damper for moisture control. All door hardware shall be secured through framing in cabinet and door. Door shall have a heavy-duty positive and magnetic door latch and heavy-duty refrigeration-type door hinges.

## ELECTRICAL CHARACTERISTICS

Each cabinet shall have a top-mounted control panel consisting of an on/off switch with power indicator light, electronic temperature control with digital display. Each cabinet shall be heated by a 120 volt, 60 cycle, 1 phase heating system. Cabinets shall come complete with a permanently mounted 8' cord with a Nema #5-15P plug. Top of cabinet is removable for easy access to controls.

## CASTERS

Cabinet shall have 4 heavy-duty 5" casters, 2 rigid and 2 swivel casters mounted to 6" X 6" X 5/16" steel plate drilled and tapped.

## BASE FRAME

1/8" formed steel base. Base shall have four 6" X 6" X 5/16", steel plates drilled and tapped to accommodate 5", 6", or 8" casters. The plates are fully welded to frame on all 4 sides.

## INTERNAL FRAME

All vertical and horizontal edges framed with a combination of 1 1/2" X 1 1/2" X 1/8" and 1" X 1 1/8" angle steel, arc welded, cross braced and reinforced at all corners.
